When the value of Stamps on a letter is less than the amount of the postage to which it is liable, the letter will be charged double the amount of such difference on delivery.

Stamps may be used for Foreign, Colonial, and Ship Letters, *outwards*. Letters for *parts abroad* posted *with Stamps of less value than the full amount of Postage*, if addressed to places to which prepayment is not compulsory, will be forwarded, charged with only such amount of Postage as shall *be equal to the difference between the value of the Stamps and the proper rate of Postage;* but letters addressed to *places abroad*, to which prepayment *is compulsory*, if posted with Stamps of less value than the full amount of Postage, will be sent to the Dead-Letter Office, to be returned, in all practicable cases, to the writer. Stamps are not permitted to be used on Letters arriving in the United Kingdom *from the Colonies or Foreign Countries.*

These Regulations are applicable to Newspapers, in those cases where they are liable to Postage.

If the Stamps affixed to letters are mutilated or defaced the letters will be liable to the unpaid rate.

A Stamp which has been cut from an envelope and affixed to a letter, entitles it to pass free of charge.

Re-directed Letters are charged an additional postage for each re-direction, according to the Prepaid Scale.

Letters to Warm Climates should be sealed with wafers, as wax destroys the letters by melting, causing them to adhere to one another.

No Letter, when once posted, can be given up to any but the person to whom it is addressed, neither is any person allowed to alter the address of a letter after being posted.

Adhesive Stamps should be placed on the right-hand corner of the upper side of the letters, above the superscription. The most effectual plan is to dip the label wholly in water, to shake off the water immediately, and to press the label upon the letter with a piece of clean blotting paper. *When the gum is dull in appearance, it will require rather more time and moisture to make it stick firmly, than when it is glossy.* The purpose of wetting the label *wholly* is to counteract the tendency it has to curl up from the letter, when one side only is wetted, a tendency caused by the expansion of that side as it imbibes the moisture.

LIMITATION OF WEIGHT.

A letter to pass *unpaid* by the post may not exceed *Four Ounces.* All above that weight must be prepaid in Stamps. In the event of any *unpaid* letter above the weight of four ounces being posted, it will be charged with *double* the *prepaid* rates of postage; if *insufficiently paid*, by affixed stamps, it will be charged with *double* the amount of *the difference between the stamps affixed* and the prepaid rates, and *thus charged*, "shall and may be *detained* and *opened*, and, at the *option of the Postmaster-General*, shall be either returned or given up to the *sender* thereof, or given up to the person to whom it shall be addressed, or be forwarded to the place of its destination."—*Treasury Warrant*, 22d October, 1847.

LIMITATION OF SIZE.

A letter to pass by the post, either *paid or unpaid*, must not exceed the dimensions of *twenty-four inches* in length, or breadth, or width, or depth. Any letter above these dimensions, may if *fully paid* be *detained* and *opened*

or forwarded at the *option of the Postmaster-General*. Any letter *unpaid*, or *insufficiently*, will be taxed precisely after the scale of charge mentioned in the preceding paragraph, as applicable to unpaid letters exceeding four ounces weight, and *thus charged*, be either *detained* and *opened*, and returned to the *sender*, or forwarded at the *option of the Postmaster-General*. The only *exceptions* to the foregoing regulations as to size and weight are in the case of—1. Parliamentary proceedings or Addresses to Her Majesty. 2. Petitions to either Houses of Parliament, forwarded to any Member of such House. 3. Printed votes or proceedings of Parliament. 4. Letters or packets to or from public departments or public officers in Her Majesty's service. 5. Letters, &c., to or from places abroad.

All persons sending letters by the post *unpaid*, which, from any cause whatever, cannot be delivered to the parties to whom they are addressed, are liable to pay the postage charged thereon, which may be recovered, with costs, by summary proceedings before a Magistrate.

Printed votes and proceedings in Parliament are charged at the following rate, between places in the United Kingdom, and between the United Kingdon and the Colonies, when conveyed by packet:—

Not exceeding 4 ounces, ... 1d.
Exceeding 4 ounces, and not exceeding 8 ounces, ... 2d.
Exceeding 8 ounces, and not exceeding 12 ounces, ... 3d.
And so on in proportion. Prepayment optional

ILLEGAL CONVEYANCE OF LETTERS.

By the 1st Victoria, cap. 36, sec. 2, any person illegally conveying Letters, incurs a penalty of £5 for every offence, and £100 for every week the practice is continued. The sender also incurs a penalty of £5 for every offence, with full costs of suit.

NON-COMMISSIONED OFFICERS, SEAMEN, AND SOLDIERS IN HER MAJESTY'S SERVICE ABROAD.

Letters to seamen and soldiers may be forwarded by post, at the rate of one penny each, under the following regulations. 1st. The penny must be paid at the time the letter is put into the post office. 2nd. The direction must signify the class of seamen or soldier. 3rd. The name of the ship, regiment, or corps to which he belongs. 4th. The letters must not exceed half an ounce, and be upon their private concerns only. Letters for seamen or soldiers, whether in her Majesty's, or the East India Company's military or naval service, (while on actual service) may be forwarded under the foregoing regulations, to India, China, &c., *via* Southampton, they can now be sent to India, *via* Marseilles, on payment of the British rate of one penny, besides the French rate of 5d., if under a quarter of an ounce, or 10d., exceeding that weight, or to any foreign country, on payment of the foreign rate of postage, in addition to the British rate of 1d. as above. Letters for seamen or soldiers, forwarded by private ships, (with the following exceptions) St. Helena, East Indies, New South Wales, Cape of Good Hope, and Mauritius, are charged 3d. each. Letters of soldiers and seamen, addressed to the United States of America, will, in future be chargeable with the American rate of five cents, or two-pence half-penny sterling each, in addition to the ordinary British rate of one penny. The postage of all such letters must be pre-paid. Warrant officers, either in the army or navy, or masters mates or engineers of the navy, are not entitled to transmit letters at less than the usual rates of postage. Seamens' or soldiers' letters received from any part beyond sea, upon which the said penny has not been pre-paid, shall be charged to the receiver, with double the rate, viz., 2d. each.

The following Instructions have been addressed to all Postmasters, and are strictly acted upon:—

"General Post Office.—On and after the 1st January, 1845, should any Letter or Packet be tendered at your Office, which you may ascertain to contain, *or which you have reason to believe*, contains any of the following articles, viz:—Any *Glass* or *Glass Bottle;* any *Razor, Scissors, Knife, Fork,* or other *Sharp* or *Pointed Instrument;* any *Leeches, Game, Fish, Flesh, Fruit, Vegetables,* or other *perishable substances;* any *Bladder,* or other *Vessel containing Liquid;* or any *article, matter,* or *thing whatsoever, which might, by pressure or otherwise,* be rendered injurious either to the Officers of the Post Office, or to the contents of the Mail Bags; *you will refuse to receive such Letter or Packet.*

"In the event of any Letter or Packet being taken in by you, and you do not, until *afterwards*, discover that it it contains any Article as above described, or should any such Letter or Packet be deposited in the Letter Box, *you will not forward it on its destination, but you will detain it in your Office*, and inform me by the *first Post*, of the circumstances, stating the precise Address of the Letter or Packet, and its contents, or what you suppose them to be, when proper steps will be taken in this Department of the case, and you will be instructed in what manner to dispose of the Letter or Packet.

"Should any Letter or Packet, containing any article as before-mentioned, not be discovered *by the Postmaster at whose office it may be posted*, but be forwarded on to its destination, the *Receiving Postmaster*, to whose town it may be addressed, upon discovering, *or having every reason to believe*, that its contents are such as those alluded to, *will not send it out for delivery, but will detain it in his office*, reporting the circumstance *by the first Post*, and stating the nature of its contents, when he will be duly instructed in what manner to dispose of it.

The words "Parliamentary Notice," must be legibly printed on the face of the letter, the postage must be prepaid by means of Stamps, and a Registration Fee of 6d (which must be paid in money) at the time of posting, which may be known by applying to the above offices. Printed Prices Current, having obtained the sanction of the Lords of the Treasury, pass through the Post Office to the *Colonies and Foreign Parts* at one penny each, provided they contain simply the names and prices of articles; the names and addresses of the parties dealing in such articles must

be excluded. Each copy to be made up in the same form as a Newspaper, with covers open at the end.

The title of the publication must be written, or printed, immediately above the address; and any other writing than such address, name, initial, or mark for reference of any kind, calculated to convey information as to the party by whom such publication is forwarded, will subject the same to full letter rates of postage.

NEWSPAPERS & SUPPLEMENTS TO NEWSPAPERS.

All Newspapers must be sent in covers, open at the sides, and no words or communication may be printed or written on such papers, or covers, after the same shall have been published, other than the name and address of the person to whom they are sent; nor any thing enclosed or concealed in either newspaper or cover. News-venders *only* may *print* their names and addresses thereon; Newspapers may be examined by the Officers of the Post Office; and if there be any breach of the above regulations, the packet is chargeable with Treble the amount of Postage to which a letter of the same weight would have been liable. Any person contravening the law, may, at the option of the Postmaster-General, be prosecuted as for a misdeameanour.

Clause of the Act of 1st Victoria, cap. 34, sec 32.

"And be it further enacted, that in all cases in which a question shall arise, whether a printed paper is entitled to the privileges of a Newspaper, or other publication, hereby privileged, so far as respects the transmission thereof by the Post, under the Post Office Acts, the question shall be referred to the determination of the Postmaster-General, whose decision, with the concurrence of the Lords of the Treasury, shall be final."

MARKS OR WRITING ON NEWSPAPERS.

Writing or marks are allowed on a *Newspaper* passing by Post between *any one part of the United Kingdom and any other part*, provided that a postage of one penny be paid, by means of a stamp conspicuously fixed outside the cover or folded Newspaper. But the privilege is confined to writing or marks on the *Newspaper itself*, and is not to extend to the cover. Any writing or marks other than the address, on which, or (if the Postage be not

prepaid as above) on the Newspaper itself, will subject the Newspaper to the same rate of Postage as that to which an unpaid letter of the same weight is liable.

Newspapers posted in Town, addressed to any part within the town delivery, charged paid or unpaid, 1d.

Newspapers printed or published in any of the Channel Islands, or in the Isle of Man, and sent by the Post between any of such Islands and Great Britain or Ireland, will be liable to the full letter rates of Postage, according to the scale for charging Inland Letters, with the exception of such as are printed in the *French language*.

NEWSPAPERS FROM THE BRITISH COLONIES

are delivered free of Postage at any place within the British dominions. Those for persons who have removed, may be forwarded by post, free of charge, provided they have not been opened at the place to which they were originally addressed.

THE BRITISH COLONIES AND FOREIGN PARTS.

Newspapers liable to the Stamp Duty may be forwarded to the British Colonies and Possessions by her Majesty's packet-boats, free of the duty of postage, provided the same be duly stamped, made up open at the ends, and put into any Post Office *within seven days* after the day of publication.

Newspapers may also be forwarded to the Colonies, by private ships, for a postage of One Penny each, and to Foreign Countries for a postage of Twopence each, to be paid when posted, *under the same regulations as to date, &c.*

NEWSPAPERS FROM ABROAD.

Newspapers arriving from British Colonies or "Foreign Parts," to which they are despatched free, are delivered free of postage. From places abroad, to which they are *not* despatched free, they are charged, on delivery, *Twopence* each; excepting those brought by the closed mail through France, which are charged *Threepence* or *Fivepence* each. *All Newspapers must be printed in the language of the country from which they are sent.*

INLAND BOOK POST.

The following facilities are afforded for the transmission of Books, &c., through the Post, within the United Kingdom. A Book Packet may contain any number of separate Books, Maps, or Prints, and any quantity of Paper, Vellum or Parchment, (to the exclusion of Letters whether sealed or open,) and the Books, Maps, Paper, &c., may be either printed, written, or plain, or any mixture of the three. Further, all legitimate Binding, Mounting, or covering of the same, or a portion thereof, will be allowed, whether such Binding, &c., be loose or attached; as also Rollers, in the case of Prints; Markers, (whether of Paper or otherwise) in the case of Books; and in short, whatever is necessary for the safe transmission of Literary or Artistic matter, or usually apertains thereto. The following are the additional regulations respecting the Inland Book Postage all remaining notices regarding it being cancelled.

RATES OF BOOK POSTAGE.

For each packet not exceeding one pound in weight, 6d; exceeding one pound and not exceeding two pounds, 1s.; exceeding two pounds, and not exceeding three, 1s. 6d., and so on; 6d. being charged for every complete pound, and for any additional fraction of a pound, the postage must be prepaid in full, by affixing the proper stamps outside; every packet must be sent either without a cover, or in a cover open at the ends or sides, it must not contain any letter, open or sealed, or any sealed enclosure what-

ever. No Packet must exceed two feet in length. The Book Post to which the foregoing rules relate, is confined to the United Kingdom and does not effect the privileges allowed to votes and proceedings in Parliament, or to Newspapers,

FOREIGN BOOK POST.

Printed Books, Magazines, Reviews, and Pamphlets, (whether British Colonial or Foreign), may be sent to Canada, Nova Scotia, Newfoundland, and Bermuda, *via* Halifax; Malta, Gibraltar, Ionian Islands, Hong Kong, and Ceylon, *via* Southampton; New South Wales, and East Indies, *via* Plymouth or Southampton; Heligoland *via* Hamburg; British West Indies, Mauritius, St. Helena, and Cape Town, at the following reduced rates of postage:—

For each Packet not exceeding ½ lb. in weight, ... 6d.
,, exceeding ½ lb., and not exceeding 1 lb., ... 1s.
,, exceeding 1 lb., and not exceeding 2 lbs., ... 2s.

And so on increasing one shilling for every additional pound, or fraction of a pound.

REGISTRATION.

Letters whether containing Coin, or not, can be registered, on payment of a fee of 6d., *in addition to the Rates of Postage*, Inland, Colonial or Foreign. On those for delivery in France, the charges, besides the Registration fee, will be the English rate to France, in addition to double the French rate. A printed acknowledgment will be given to any person registering a letter. Registered Letters will be taken *at the Bar Window and Receiving Houses within half an hour of the closing of the Box for the particular Mail* by which they are to be despatched. Letters for Registration, addressed to places *within the United Kingdom*, must be paid by affixing a sufficient number of Stamps; when addressed to *parts abroad* they may be paid either in money or by means of Postage Stamps.

In cases of Foreign, Colonial, or Ship Letters, it must be clearly understood that Registration can only extend to the port of shipment. Letters, however, addressed to France, and Letters passing through France, are exceptions to this rule, the French Post Office undertaking to provide for their security till they shall have been delivered, *if addressed to France*, and as long as they remain in the French territory, *if passing through France*

The arrangements for carrying out the system of registration have been made with the view of ensuring the safe delivery of Registered Letters. On their delivery, the parties to whom they may have been addressed will be required to acknowledge, in writing their receipt. *Parties transmitting Bank Notes, Bank Post Bills Drafts Jewellery, &c., should invariably secure their transmission by Registration;* and persons having occasion to send by Post *small sums*, are recommended to make use of

THE MONEY ORDER OFFICE,

which is open every week-day, (fast days excepted) from 9 a.m. till 6 p.m. The charge for such Orders is 3d. on sums not exceeding *two pounds*, and 6d. on sums between *two* and *five pounds*. No order will be given for sums beyond this amount; but if the sum to be transmitted exceeds *five pounds*, as many orders may be taken out as will make up the sum to be sent.

In cases where the personal attendance of the party to whom an order is payable is inconvenient, if the order is receipted (his or her name written in full,) and the person presenting the order be able to give full information as to the Christian name, surname, address, and occupation of the person who transmitted the money, payment will be made, but not unless these condi-

tions are complied with. Orders will not be granted in favour of any person, unless the Christian name of such person can be given by the party obtaining the order. Orders cannot now be granted in favour of the "Secretary" of any Society, the "Publisher" of a paper, &c. In cases of Firms the initials only are required.

A Money Order must be presented for payment before the end of the Second Calendar Month after that in which it was issued, for instance, if issued, in January, it must be presented before the end of March,) otherwise a new order will be necessary, for which a second commission must be paid; and if it be not presented for payment before the end of the Twelth Calendar Month after which it was issued, the money will not be paid all.

After an Order has been once paid, by whomsoever presented, the Officer will not be liable to any further claim.

A further Bonus of £1 per cent. on the amount assured for every additional premium that may be received, is also payable in respect of Policies

existing at 10th February, 1852, which may become claims by death before next investigation—an arrangement which secures for such cases advantages practically equal to any that could be derived from an annual division of profits.

According to the Contract of Co-partnery, future Investigations must take place at intervals not exceeding Five years; and, from the position of the whole affairs of the Company, and the progress of the business since the commencement of the current period, there is every reason to hope for continued and increasing prosperity.

Parties incur no risk or responsibility by joining the Participation Scheme, the original sums in the Policies and all Bonuses when declared being guaranteed by the Company.

Annuities are sold on favourable terms.

Prospectuses containing important information regarding the last investigation as at 10th February, 1852, with Tables of Rates, may be obtained on application at any of the Offices or Agencies of the Company.

ADVANTAGES OF THIS OFFICE.

1. Entire profits belong to the Assured.
2. No lawsuits—disputes, if any, settled by arbitration.
3. Any sum may be assured, from £25 to £3000, payable to the Member

himself on attaining any fixed age, or at once to his Representatives, in case of earlier death.

4. Arrears may be paid up at any time, within twelve months, upon production of certificate of health.

5. Policies indisputable, except for palpable fraud.

6. This Society is formed entirely on the Mutual Principle, and possessing advantages resulting from being enrolled under the provisions of the Acts of Parliament relating to Friendly Societies, whereby the sums assured to the Widow, Widower, or Children of deceased Members, are payable to them free from Legacy or Probate Duty—a privilege which the Directors, by considerable effort, were the means of securing.

7. By a clause in the New Act relating to Friendly Societies, the Board is empowered to advance Loans to Members on the security of their Policies, of Five Years' standing and upwards. The mode of procedure in such cases is easy and simple, entailing no trouble or legal expense, and many Members have already availed themselves of the privilege.

8. A lower rate of mortality than in any other office in Great Britain.

9. Liberty to travel or reside in any part of Europe, in Canada, and in the northern part of the United States, without extra charges.

N.B.—The Temperance and Public sections are kept in separate classes, and will each receive their own profits

THE SECRETARY,

OR ANY OF THE SOCIETY'S AGENTS.

This Society was the First Public Company established in Great Britain to obviate the inconvenience and defects of Suretiship by private

Bondsmen, and its Security is accepted by the Banks of England and Ireland, and East-India Company, and most of the Public Companies, Bankers, and Commercial and Trading Firms in the United Kingdom.

Persons of the highest character and qualifications frequently decline valuable appointments, either from an unwillingness to place themselves and their Friends under so serious an obligation, or the great difficulty of obtaining satisfactory Sureties; but the institution of this Society removes these difficulties.

The Guarantee Society undertakes for a small yearly payment to make good to the employer *any loss by the fraud or dishonesty* of the person employed, according to the amount specified in the bond, and therefore obviates the necessity for Private Sureties, as well as the evils arising therefrom, which often prove as prejudicial to the real interests of the Employer as to the person finding the Guarantee of private friends.

Employers, by the existence of this Society, are assured of the continued solvency of the Surety for the person employed, and the security thus becomes a permanent one.

Friends and Relatives are relieved of the fear of those pecuniary losses to which persons are exposed who become responsible for the acts of others.

Rates from 10s. *per Centum per Annum and upwards, according to the nature of the employment or the amount of the Security required.*

No charge is made for Stamp Duty except in special cases; the usual legal expenses of Surety Bonds will therefore be avoided by persons who enter on their respective duties under the Guarantee of this Society.

A reduction is made in the Premium on the Sixth Annual Payment.

*EXAMPLE.—At the commencement of the year 1841, a person took out a policy for L.1000, the Annual Payment for which is L.24 1s 8d; in 1847 he had paid in Premiums L.168 11s 8d; but the profits being 2¼ per cent. per annum on the sum insured (which is L.22 10s per annum for each

L. 1000), he had L.157 10s added to the Policy, almost as much as the Premiums paid.

Premiums may be paid Quarterly, Half-yearly, or Annually, as may best suit the convenience of the Assured.

When an Insurance is for Life, half the Annual Premium may remain unpaid for five years at interest, to be deducted eventually from the Policy, or be paid off at convenience.

Parties desirous to participate in the next Division of profits, should make immediate application to the undersigned, from whom Tables of Premiums, Forms of Proposals, and every information may be obtained.

PURIFIED COD LIVER OIL.

PREPARED at NEWFOUNDLAND (where only and in equally cold latitudes, the fish reach maturity), is obtaining great commendation from the Profession, their Patients, and the Medical Press.

It has been analysed by the eminent Dr TAYLOR, and Mr AIKEN, Professors of Chemistry in Guy's Hospital, and they certify, "that from its purity and flavour, it is preferable to any other for medicinal use."

The *Medical Times* "strongly recommends it as being remarkably pure," and in the *Lancet* of October 13, a "decided preference" is awarded it, "from the quantity of Iodine it contains, for trial in Consumption, Rheumatism, and Scrofula: and as being by far the most agreeable, both in taste and flavour, or rather *the only kind that is agreeable at all.*"

Sold by P. WILLIAMSON & SON, Druggists, Union Street, in Bottles at 1s., 2s., and 2s. 6d., and Wholesale by the Gallon.

LIFE ASSURANCE.

THE AMOUNT OF ANNUAL EXPENDITURE, required by most Offices for a Life Assurance deters many from adopting that mode of providing for those dependent on them. They would more readily make such a provision, could it be shown that an Assurance may be effected on such a system as to require *after a few years*—when, in all probability, their other expenses will be increased—the payment of a comparatively small sum, scarcely more than *one-half* of the amount usually necessary:

THE LIFE ASSOCIATION OF SCOTLAND,

(Founded 1839, and Incorporated by Royal Charter),

Secures this desirable result by the mode in which its *Surplus Funds* are divided.

ON THE 5TH APRIL, *in every year*, the precise state of the affairs is ascertained by a detailed valuation. The divisible Surplus is then apportioned to all Policy-holders of five years' standing, and the share of each is handed to him in *cash* when he pays his current year's Premium. By this system the Assured enjoy *during their own lives* the Surplus or Profits, and the Premiums are reduced to a comparatively small amount.

Examples of the Premiums, payable in the present year by Policy-holders of five years' standing.

Age at Entry.	Policies of £100.	Policies of £500	Policies of £1000.	Policies of £5000.
20	£1 4 0	£6 0 0	£12 0 0	£60 0 0
30	1 11 7	7 17 11	15 15 10	78 19 2
40	2 2 4	10 11 8	21 3 4	105 16 8

During last year (the 11th of the Society), 730 New Policies were issued for Life Assurances, amounting to L.249,000.

ON 5th APRIL NEXT,

The Books will be closed for the 13th Annual Balance and the 7th Division of the Surplus Funds. All Persons joining the Society before that date will participate in the Surplus ONE YEAR EARLIER *than later Entrants.*
